

Everlasting Hardwoods furniture is made from Ipé – one of the most beautiful and durable woods available for outdoor use. Its natural rich color, fine grain and smooth touch are aesthetically pleasing. Its natural resistance to decay and insect pests make it even more desirable for outdoor use.

Each piece of Everlasting Hardwoods furniture is hand selected to ensure freedom from imperfections. Everlasting Hardwood's stainless steel fasteners will not rust nor corrode like other fasteners. The polished stainless steel enhances the beauty of each piece.

No chemical preservatives are needed to maintain the integrity of Everlasting Hardwood Furniture. You may, if desired, occasionally apply a penetrating oil to maintain the rich natural color; or you may let it weather naturally to a warm silver-grey patina.

Park Bench

The Park Bench is a timeless design, reminiscent of the benches found in estate gardens. Its solid strength, durability and easy maintenance make it the ideal choice for golf courses, botanical gardens, municipal parks and amusement venues. The seat is gently curved for comfortable sitting and the tall back gives plenty of support.

4' Dimensions: 52"W x 25"D x 39"H

5' Dimensions: 64"W x 25"D x 39"H

6' Dimensions: 76"W x 25"D x 39"H

6' Garden Bench

The graceful, sleek and open lines of our Garden Bench provide plenty of seating room while fitting in a cozy garden space. The fine, silky feel and beauty of the wood will enhance your garden experience. The seat is gently curved for comfortable sitting, so you can linger as long as you like.

Dimensions: 65"W x 18.5"D x 34.5"H
