

Everlasting Hardwoods furniture is made from Ipé – one of the most beautiful and durable woods available for outdoor use. Its natural rich color, fine grain and smooth touch are aesthetically pleasing. Its natural resistance to decay and insect pests make it even more desirable for outdoor use.

Each piece of Everlasting Hardwoods furniture is hand selected to ensure freedom from imperfections. Everlasting Hardwood's stainless steel fasteners will not rust nor corrode like other fasteners. The polished stainless steel enhances the beauty of each piece.

No chemical preservatives are needed to maintain the integrity of Everlasting Hardwood Furniture. You may, if desired, occasionally apply a penetrating oil to maintain the rich natural color; or you may let it weather naturally to a warm silver-grey patina.

### Time Honored Chairs

The classic, solid design and durability of our Time Honored Chairs have earned them glowing reviews from resort and high-end outdoor restaurants. Equally at home in atrium lobbies and estate gardens, the Time Honored Chairs are gently curved for comfortable seating. Available with and without arms.

Dimensions: (with arms) 19"W x 18"D x 36"H  
(without arms) 19"W x 17"D x 36"H

### Folding Arm Chairs

Invite as many guests as you like to your next reception or garden party -- our Folding Chairs will seat them in elegance and style. The curved seat and back are very comfortable. The sleek curves of the reverse folding feature adds to their stability. They easily fold down to a narrow profile, so a set stores neatly.

Dimensions with arms: 17"W x 16"D x 38"H

Dimensions without arms: 17"W x 13"D x 38"H
